

'Hello World' and Welcome

Sophie Schmidt

Welcome to the R package workshop

short introduction

Please tell us in one sentence:

- Who you are and what you hope to gain from this workshop

Reasons to create R packages

- Sharing with my future self
- Sharing with the scientific community
- Reproducibility
- “speeds up” science
- Standards facilitate use by others

Let's dive in!

1. function writing
2. package structure
3. documentation!
4. fluffy context
5. data
6. advanced topics

breaks will be decided by the system
